AND OTHER USEFUL INFORMATION.

Wholesale Purchasers supplied on liberal terms, and all orders carefully put up, and forwarded to any part of the Union.
An extensive treatise on Gardening, entitled "The American Gardener's Calendar; adapted to the climates and seasons of the United States; (price $3 50,) containing a complete account of all the work necessary to be done in the

- Kitchen-Garden,
- Fruit-Garden,
- Orchard,
- Vineyard,
- Nursery,
- Pleasure-Ground,
- Flower Garden,
- Green-House,
- Hot-House and Forcing Frames,

For every month in the year; with ample practical directions for performing the same. Also, general, as well as minute instructions for laying out, or erecting, each and every of the above departments, according to modern taste, and the most approved plans; the ornamental planting of pleasure-grounds, in the ancient and modern stile; the cultivation of Thorn Quicks and other plants, suitable for live hedges, with the best methods of making them, &c. To which is annexed, a Treatise on the best method of making the most approved foreign wines, as practised in France and Spain; and copious lists of plants; and the most important grasses, &c used in rural economy, with the soils best suited to their cultivation, &c. &c.

Fourth edition improved.

Experienced Gardener's can always be heard of, at A. M' Mahon & Co's Seed Warehouse.

Smith's Introduction to Botany, with plates.
Michaux's American Forest Trees, with a great number of plates beautifully coloured, 8vo.

* * * To persons who purchase several Books, a handsome discount is allowed on the retail prices.—Books of every kind furnished on the most moderate terms, for cash.
GENERAL INFORMATION.

A. M'Mahon & Co.

Inform the Public, that they can be supplied with large or small assortments of American Seeds or Plants, properly marked with their Botanic names, and packed so as to go with perfect safety to any part of the world.

All seeds put up at their Warehouse, are distinctly labeled with the kind and quantity, and may be relied on as fresh and genuine.

Trees and Plants from their Nurseries are numbered, and the invoice made to correspond with the numbers. They are either packed in boxes or carefully matted, so as to bear transportation to any part of the Continent, or to Europe.

The proper Seasons for removing Trees, are the months of October, November and December, in Autumn; and March and April in the Spring. For Bulbous Flower Roots, the best Season is, from July to October, inclusive.

Green-House Plants, can be forwarded at any Season, except the Winter Months.

The Prices of Seeds and Trees are variable, and depend in a great measure upon the demand which may be for them; therefore, no prices are affixed to those articles in this Catalogue; but, A. M'M. and Co. assure the public, that they will sell, either Wholesale or Retail, on as reasonable terms as any other establishment of a similar kind.

Orders for Seeds from wholesale purchasers should specify the quantities of each article—from those who only require a supply for their own Gardens, the amount of money proposed to be expended thereon, will be sufficient, as A. M'M. & Co. will select the best kinds and proportion, the quantities in such manner as to suit the extent of ground, or number in family.

* * Gentlemen visiting Europe, can be furnished with a neat selection of the handsomest Native Shrub Seeds, at from $5 to $50.
A. M'Mahon & Co.

Take the liberty of informing their friends and the public that they are continually supplied, at their Seed Warehouse, No. 13, South Second street, Philadelphia, with a general assortment of Garden Seeds, suitable for cultivation in the United States and West Indies; Grass Seeds of every important and valuable kind, Hawthorn Quicks for Live Fences or Hedging, a great variety of Flower Seeds and Roots, procured from various parts of the world—Spades, Shovels, Rakes, Hoes, Ploughs, Garden Reels and Lines, Trowels, Edging Irons, Garden Shears, Watering Pots, Pruning and Budding Knives, Bulb Glasses, Fancy and Common Flower Pots, &c.—Bird Seed of every kind, English Split and Whole Peas for boiling, Pearl Barley, American and Scotch Oat Meal, Rough Rice, Asparagus Roots, Lettuce Cabbage, Cauliflower and Tomato Plants, in their season, and every other article appertaining to their line of business, all of which they dispose of wholesale and retail, on moderate terms.

The more effectually to accommodate their customers, they have connected with the Seed Trade, a Botanical and Agricultural Book Store, where a great variety of the most valuable publications on these subjects, especially the modern works of merit, may now be had. This, with their other business, they are determined to extend to the utmost of their ability, and flatter themselves, that by their industry, perseverance and punctuality, with the patronage of a generous public, they will be enabled to render this establishment, not only useful to themselves, but of considerable advantage to the community at large.

Orders for Fruit Trees, Ornamental Shrubs and Plants, &c. from the Nurseries, received with care and despatch.
